

This transmits the following photos as attachment to PR 171 for the Procurement of GDS 56: Labor and Materials for the Installation of Signage (street, warning, parking, etc.) Leading to The Historical Core:

1. The winning bidder of this Project should strictly propose and comply to the attached John Hay Art and Forest Park Comprehensive Integrated Master Development Plan Design Standard Guidelines (as of December 2019) as to placements and the design of the wayfinding signs, billboards and necessary components of this Project, attached as Annex “A”.
2. The locations of the signage should be subject to an actual technical survey by the winning bidder to determine the correct location and distances between each signage to be installed.
3. The concepts and locations of the signage(s) are subject to the evaluation of Bidders’ proposals during the JHMC Bids and Awards Committee’s (BAC) standard procurement process.
4. Proposed concept / design of the of the Signage(s) to be placed strategically at the Main Entrance and Exit Gates and along areas on the Main Roads leading to The Historical Core. The sample concept designs are provided herein as reference for the evaluation of the Winning Bidder in the implementation the Project, Photos 6a to 6e.
