CORPORATE SOCIAL RESPONSIBILITY PROGRAMS

Educational Centers within the JHRA

The JHMC, in its commitment to contribute to uplifting the education of the less fortunate school children, undertook various Corporate Social Responsibility (CSR) projects from years 2011 to 2016.

The JHMC submitted a proposed Road Map for the infrastructure development of schools within the JHRA to the Office of the DepEd Secretary. Relative to this, the construction of a 3-storey, 6-classroom building for the Country Club Village Elementary School (CCVES) was approved through the initiatives of the JHMC and the barangay, which was subsequently completed in December 2016.
