The Proposals shall be evaluated using the following:

Technical Proposal

Years of Practice of Profession:

- 15 years and above = 100 points

The raw score shall be computed as the average of the points garnered by each professional based on the tiers presented above.

The technical score (St) shall be 70% of the raw score.

Financial Proposal

The ratings of each Financial Proposal shall be computed in the following manner:

- a. The consultant with the lowest price gets 100 points.
- b. The scores of the other consultants will be computed using the formula:

$$Sf = 100 \times FI/F$$

In which:

- Sf is the financial score,
- FI is the lowest Financial Proposal, and
- F is the Financial Proposal under consideration.

The total score for the consultant shall be computed using the Formula:

$$S = St \times 70\% + Sf \times 30\%$$

Where:

- S is the Total Score;
- St is the Technical Score;
- Sf is the Financial Score;
