The John Hay Management Corporation (JHMC), a government-owned and controlled corporation, is a member of the Bases Conversion and Development Authority (BCDA) Group and its implementing arm in the Camp John Hay Reservation.

The mandate of JHMC is to manage and develop Camp John Hay as a premiere tourist destination of Northern Philippines. It commits itself to create an investor-friendly climate for business development with fiscal incentives in its Special Economic Zone, while preserving an ecologically balanced environment and respecting the rich and diverse culture of its people with the promotion of eco-cultural tourism.

MISSION
<p>As the steward of Camp John Hay, John Hay Management Corporation develops the estate into a premier tourist and investment destination, that enforces efficient and effective regulation, ensures sustainable multiple use of the forest watershed, and contributes to national economic growth and job generation.</p>
VISION
<p>By 2018, the JHMC shall have transformed Camp John Hay into the primary catalyst for the tourism development within the Cordillera Region and the leader of environment and forest stewardship in the Philippines.</p>
CORE VALUES
<p>Stewardship Passion for the Environment Integrity Commitment Excellence</p>

Integrity Pledge

A commitment to ethical business practices and good corporate governance

We believe that corruption has been one of the biggest impediments to economic growth and prosperity in the Philippines and has been eroding the moral fiber of this society.

As chief executives of established companies in the Philippines, we acknowledge our companies' responsibility to lead by example in the fight against corruption and to operate our businesses ethically and with integrity.

While the government has its own initiatives for reducing corruption, we realize that those initiatives cannot succeed without individual and collective commitment from businesses to level the playing field and to build integrity in the business environment.

In view of the foregoing, we pledge the following:

- We will prohibit bribery in any form in all activities under our control and ensure that our charitable and political contributions, business gifts, and sponsorships are transparent and will not be for the purpose of attempting to influence the recipient, whether government or private, into an improper exercise of functions, duties, or judgment.
 - We will maintain a Code of Conduct to guide our employees towards ethical and accountable behaviour at all times, and will apply appropriate sanctions for violations of the code.
 - We will conduct training programs for our employees to promote integrity, honesty, and accountability in the exercise of their duties and responsibilities and to convey with resolve our company's commitment to ethical business practices.
 - We will implement appropriate internal systems and controls to prevent unethical conduct by our employees, ensure good governance, and institutionalize the values of integrity and accountability in our business.
 - We will maintain appropriate financial reporting mechanisms that are accurate and transparent.
 - We will maintain channels by which employees and other stakeholders can raise ethical concerns and report suspicious circumstances in confidence without risk of reprisal, and a designated officer will be tasked with investigating all reports received.
 - We will enter into integrity pacts with other businesses and with government agencies when dealing with procedures related to the bidding and procurement of supplies, materials, equipment, and construction.
 - We will refrain from engaging in business with parties who have demonstrated unethical business practices.
- To ensure collective action among business enterprises to foster ethical, clean, and transparent business transactions in the Philippines, we commit to:
- support a nationwide initiative intended to create fair market conditions, transparency in business transactions, and ensure good corporate governance;
 - participate in roundtable discussions, meetings, and forum to identify the key concerns and current problems affecting the private sectors related to integrity and transparency in business transactions;
 - share "best practice", tools and concepts which are intended to be used by all participating entities to achieve the goals of the nationwide initiative;
 - assist and contribute ideas to develop a unified "Business Code of Conduct" acceptable to all participating entities;
 - participate in the creation of key measures and control activities intended to ensure transparency, integrity and ethical business practice.
 - support the development of an audit and certification program (including a training program for advisers and auditors) that will offer a toolbox for enterprises to introduce and implement ethical practices in their business processes; and institutionalize the whole process to promote sustainability of the Integrity Initiative.

Integrity Initiative is a multisectoral campaign towards the re-establishment of acceptable integrity standards among various sectors of society. It aims to fully eradicate graft and corruption in the Government.

The Makati Business Club (MBC) and the European Chamber of Commerce of the Philippines (ECCP) started the initiative in late 2009. They were later joined by the Asian Institute of Management (AIM), American Chamber of Commerce of the Philippines (AmCham) and Management Association of the Philippines (MAP).

The Integrity Pledge was signed by John Hay Management Corporation and John Hay Special Economic Zone Locators on August 17, 2012 at the Bell House, Camp John Hay, Baguio City, Philippines.

CUSTOMER FEEDBACK MECHANISM

CUSTOMER SATISFACTION FEEDBACK (CSF) (Compliments, Complaint and Recommendation)

Your feedback is important. John Hay Management Corporation welcomes any feedback or complaints in its delivery of services to the Public or Citizens through the Public Assistance and Complaints Officer/Desk at the Cottage 624, JHMC Office Complex for Management immediate action, or;

Please accomplish the Customer's Satisfaction Feedback (CSF) Form and drop it to the suggestion or complaints boxes available in the respective JHMC offices.

JHMC FRONTLINE SERVICES AND PROCESS FLOW

The John Hay Management Corporation, as the administrator and implementing arm of the Bases Conversion and Development Authority (BCDA) in Camp John Hay, has provided the general public a comprehensive guide on its frontline services and process flows when obtaining regulatory permits from the Special Economic Zone Administration Department, the Office of the Building Official, the Environment and Asset Management Department, and for booking events at the Historical Core, including the appropriate fees and charges.

The duration to accomplish each activity in the process flow is the ideal time to complete every step and will be used as the metrics to further provide efficiency in the performance of the regulatory functions of JHMC.
